

We must protect the consumer from unwanted calls. I have signed up on that list and it has cut the unwanted by calls 90% I do not want to be bothered and will hang up if i don't know the caller. We are older and when you are doing something or just sitting and resting, we don't like getting bothered by anoying calls. we don't need anything and if we do, we definately wouldn't by or even consider buying from people and companies that pester you over the phone. There are a lot of fast talkers out there that are trying to sell you something you don't really need. My dad is 86 years old and gets pressured to buy over the phone or try something on a trial basis.

DEFINATELY NO SOLLECTING BY PHONE OR INTERNET
